

## Generate your own fundraising thermometer!

### Step 1

Visit <http://www.entropyfarm.org/software/thermo/>.

### Step 2

Enter your "goal" and "current results."

### Step 3

Click on "save graphic."

### Step 4

Find the saved graphic (a jpeg file) in your downloads and cut/copy/paste it into emails, documents, your intranet: anywhere you want to communicate campaign progress and create excitement!
